East End dining

Hampton Coffee Company®

**H**ampton Coffee Company®, with two locations on the East End, roasts its own coffee daily and offers more than just muffins, but a true café with a great menu ranging from homemade soups and freshly-made sandwiches to an authentic Mexican grill (in Water Mill's full-service restaurant) and made-to-order French crepes (at the East Hampton Express Café).

This popular local eatery is must-stop while in the Hamptons. Located across from Deerfield Road, next to the Green Thumb Organic Farmstand, it offers a casual, full-service café featuring hamburgers, shrimp scampi, made-to-order omelets served all day, as well as vegetarian options. Head to their hidden outdoor garden to enjoy "alfresco" dining, overlooking farms and flower fields.

No trip is complete without a cup of delicious Hampton Classic Blend coffee and a slice of raspberry linzer torte. For breakfast or brunch, sample mouthwatering savories like muffins, scones, croissants, cinnamon buns, cookies and sour cream coffee cake — all baked on the premises. Guests have been known to bring home a pound of their famous coffee, from the scoop-your-own coffee bean bar.

The estate grown coffee is roasted right here and served at restaurants throughout the Hamptons and beyond. All that plus fresh vegetable juice, fruit smoothies, bagels and sorbet served in its own fruit shells.

New York City's famous "Tasti D-Lite soft serve frozen dessert is now available exclusively at Hampton Coffee. The all-natural dessert is available in many flavors, including rice pudding, French vanilla, chocolate espresso, Dutch chocolate and strawberry coloda.

Hampton Coffee Company® is now featured in *Zagat Survey*. "Getting into the *Z'gat Survey* was a huge achievement for us," said Jason Belkin, Hampton Coffee Company's CEO and a cofounder. "While our loyal customers have always appreciated our friendly service, oven-baked goods, and of course, amazing coffee, this added recognition from such a well-regarded restaurant guide is a welcomed compliment. Especially now, since we will be celebrating the company's 10th year in business in November."

Customers enjoy Tasti D-Lite soft serve dessert on opening day at Hamptons Coffee Company, Water Mill, site of the two company's first joint venture.
