

HAMPTON DAZE

MEMORIAL DAY 2009

THE HAMPTON ANGELS

The Hampton Angels are now coming into their third summer in business (just like Hampton Daze!). We have decided to celebrate together with their second Hampton Daze cover.

We've collaborated many times in the past with the Hampton Angels. Our most recent event was the Hampton Angels Summer Kick-Off party at Merchants NYC on April 16th (photos displayed top right). Hampton Daze jumped on to be a sponsor along with Orzel Vodka, Merchants NYC, Hampton Coffee Company, Pacific Cigars, East End

Limousine, Sen, Hamptons Undercover, Imperial Jets, Nightingale PR and others.

The Hampton Angels (Samantha Cole and Mani Malee Cofield) run a host and concierge service founded in the Hamptons. They have since branched the company to Miami, Las Vegas and NYC. They are your one stop solution to all your needs. Your summer in the Hamptons will not be complete without the Hampton Angels services. As a client of the Hampton Angels you are in for some royal treatment. Here are a few of the things the Hampton Angels can help you with;

event/party planning, transportation, lodging, restaurant & club reservations, valet/personal security, summer rentals, home management services, event tickets, & health and wellness services. For single or family life, the Hampton Angels do the planning while you do the relaxing. There are no annual or sign up fees, so give them a call today!

For our latest photo shoot we decided on the Hampton Coffee Company as a location. Featured below, the Hamptons Coffee Company is a staple in the Hamptons, serving amazing coffee and food year round.

HAMPTON COFFEE COMPANY

An Independently-owned & operated Hampton classic since 1994 by husband-and-wife team, Jason & Theresa Belkin. It's hard to find a better place to get a cup of coffee, have some food and chill. Hampton Coffee Company, located in the heart of The Mill (Water Mill that is!), is also doing it's part to make this planet a greener place. From energy efficient light bulbs to coffee deliveries in a hybrid car (license plate "roastin", look for it). And if you think that's something, they also donate to dozens of local charities including the Retreat and the Animal Rescue Fund. Make sure you stop by!

869 Montauk Highway
Water Mill, NY 11976
